

## **Defend the NH & US Constitution**

Politicians from both parties are guilty of growing the Washington permanent bureaucracy to the point where the “parasite is killing the host” and unelected bureaucrats and the Biden/Harris Administration are violating laws (such as forgiving student loans against which the Supreme Court has ruled) and infringing upon citizens’ Constitutionally guaranteed freedoms (the Harris/Biden Administration’s pressure on Meta to censor free speech during the pandemic and Vice President Harris’ stated plans to implement a mandatory gun buyback which is the same as gun confiscation). The Tenth Amendment reserves powers to the states that aren't delegated to the federal government or prohibited by it. We must fight to conserve our freedoms and independence as a sovereign state and protect our quality of life from federal government overreach and the illegal alien invasion. Less government and more individual freedom are better for you and your family.

As a Patron Level Lifetime NRA Member, I am especially determined to protect 2nd Amendment rights of New Hampshire citizens. Instead of focusing on criminals who do not comply with gun laws, the Democrats continuously attempt to infringe upon the rights of law-abiding citizens to own guns, ammunition, accessories and equipment. All the while they open our borders and ports of entry to terrorists, drug cartels, rapists, murderers, organized criminal gangs, human traffickers, and unvetted people with mental and dangerous illnesses. The 2nd Amendment clearly states: “. . . the right of the people to keep and bear Arms, shall not be infringed.” I will vote against any attempt to create a gun registry; red flag gun law, gun or ammo tax; laws to restrict or track gun, ammo, and accessory purchases; or in any other way infringe this important right.
